

# SPR488BOSH34CSS

34" x 19" x 17" (H x W x D)

Commercially approved indoor/outdoor beverage cooler for built-in or freestanding use with a shallow 17.75" depth, seamless stainless steel trimmed glass door, black interior, and stainless steel wrapped cabinet

**Highlights:**

- Shallow depth under 18" makes it ideal for smaller commercial and residential settings
- Designed and constructed for safe use in the outdoors
- Commercially listed to NSF-7 standards and meets UL-471 for commercial applications

**Product Features:**

|                                  |                                                                                                                   |
|----------------------------------|-------------------------------------------------------------------------------------------------------------------|
| Shallow depth                    | Unique 17" depth is ideal for home wet bars, island kitchens, and other applications with limited footprint space |
| Built-in capable                 | Make the best use of space by installing your refrigerator under the counter                                      |
| Weatherproof design              | Approved for use in the outdoors, with a sealed exterior and double pane tempered glass door                      |
| Commercially approved            | ETL-S listed to NSF-7 standard and meets UL-471 for use in commercial settings                                    |
| Stainless steel wrapped exterior | Cabinet features 304 grade stainless steel construction for added durability and a professional look              |
| Double pane tempered glass door  | Heat resistant design provides clear view of stored products, with an elegant trim in seamless stainless steel    |
| Automatic defrost                | Reduced user maintenance with auto defrost system                                                                 |
| Adjustable shelves               | Three glass shelves with six positions for optimal storage and easy cleaning                                      |
| LED lighting                     | Automatically illuminates when the door is open for an attractive and energy efficient view                       |
